Projekt IPCEI-CIS: ein „Cloud-Edge-Kontinuum" für Europa

Am 5. Dezember 2023 gab die Europäische Kommission den Startschuss für das Projekt IPCEI-CIS. Im Rahmen dieser Initiative entsteht das erste interoperable und offen zugängliche europäische Ökosystem für Datenverarbeitung: ein sogenanntes Multi-Provider-fähiges Cloud-Edge-Kontinuum.

Project IPCEI-CIS: a "cloud edge continuum" for Europe

On December 5, 2023, the European Commission gave the starting signal for the IPCEI-CIS project. This initiative creates the first interoperable and openly accessible European data processing ecosystem: a so-called multi-provider cloud-edge continuum.

España se pone en manos de Microsoft para la IA. Estos tres 'sabios' avisan de lo que viene

El Gobierno escenifica esta semana un acuerdo con la tecnológica para implementar su inteligencia artificial en la administración pública. Exasesores de Moncloa en esta materia advierten del terreno resbaladizo que se empieza a pisar.

Spain puts itself in the hands of Microsoft for AI. These three 'wise men' warn of what is coming

This week, the government plans to sign an agreement with the technology company to implement artificial intelligence in the public administration. Former Moncloa advisers warn of the slippery slope this could lead to.
