Key messages

- ✨ **Summit Theme & Vision**

  - **"Digital Ecosystems in Action"**– The official tagline highlighting the real-world impact of data spaces and digital collaboration.

  - **"AI Meets Trust"**– A guiding narrative for #Summit25 discussions, emphasising trust as the foundation for AI innovation across Europe and beyond.

🤖 **AI & Data Interoperability**

  - **Pioneering Data Space Projects**: Two strategic sectors — aerospace and nuclear — are building their digital future on the Gaia-X Trust Framework.

  - **Generative AI for data interoperability**: Showcasing the first approaches of AI's contribution to solving the semantic interoperability challenges within data spaces (Gaia-X Institute).

  - **Tools for Data Spaces & Digital Ecosystems**: A comprehensive set of tools available to build and scale digital ecosystems and data spaces.

🔐 **Trust & Governance**

  - **Gaia-X Trust Framework 3.0 – "Danube" Release**: Introduction of the first extensibility mechanisms for domain and geographic expansion, allowing the automation of arbitrary ecosystem rulebooks in a technically compatible manner.

  - **Gaia-X Catalogue of Catalogues**: A live showcase of navigating Gaia-X-compliant ecosystems and their services currently on the market.

🌍 **European & Global Collaboration**

  - **Driving internationalisation** through the identification of region-specific regulations, opportunities, and best practices.

  - **Portuguese Projects Spotlight**: Featuring national success stories contributing to the European data ecosystem.

  - **Gaia-X Hubs Focus**: Updates from national hubs advancing regional implementation.

📈 **Strategic & Economic Outlook**

  - **Data Spaces Ready to Deliver**: Demonstrating operational readiness across sectors.

  - Evaluate your data-sharing project through the economic model developed by Paris Dauphine University, which distinguishes between the **roles of participants and orchestrators within** data-sharing ecosystems.

🔮 **Looking Ahead**

- o **Eyes on Tomorrow**: A visionary keynote to close the summit, setting direction for the future of digital ecosystems — delivered by **Catherine Jestin**(Gaia-X Chairwoman, Airbus) and **Mario Campolargo**(Gaia-X Board, former Portuguese State Secretary for Digitalisation).

- o **Summit 2026 Location Reveal**: Announcing the next host city for the Gaia-X Summit.
