Avec green ledger, SAP veut renforcer la rigueur de la comptabilité carbone

Si les entreprises veulent améliorer leurs efforts en matière de développement durable, elles devront traiter les rapports environnementaux comme la comptabilité financière. SAP a dévoilé sa solution green ledger dans le but de faciliter ce processus et, au passage, promouvoir le passage vers S/4HANA Cloud.

With green ledger, SAP wants to strengthen the rigor of carbon accounting

If companies want to improve their sustainability efforts, they will need to treat environmental reporting like financial accounting. SAP unveiled its green ledger solution with the aim of facilitating this process and, in the meantime, promoting the transition to S/4HANA Cloud.
