Cloud: "Une norme forte serait bénéfique pour toute l'industrie tech européenne", selon Oodrive

En 2019, Oodrive a été le premier acteur du cloud à décrocher le visa de sécurité SecNumCloud délivré par l'Agence nationale de la sécurité des systèmes d'information. L'entreprise, éditrice d'une suite collaborative, livre à L'Usine Digitale sa vision de la souveraineté et l'urgence absolue de créer des champions européens. Elle appelle en particulier à l'adoption d'un schéma de certification européen reposant sur un niveau d'exigence élevé afin de protéger les données sensibles des puissances étrangères.

Cloud: "A strong standard would be beneficial for the entire European tech industry", according to Oodrive

In 2019, Oodrive was the first cloud player to obtain the SecNumCloud security visa issued by the National Information Systems Security Agency. The company, publisher of a collaborative suite, explains to L'Usine Digitale its vision on sovereignty expressing the absolute urgency of creating European champions. It calls in particular for the adoption of a European certification scheme based on a high level of requirements in order to protect the sensitive data of foreign powers.

Ich zuerst- FLG Azubi-Projekteüber Egoismus und Ehrenamt

Denkt jeder von uns zuerst an sich selbst? Wie wirkt sich Egoismus auf unsere Gesellschaft aus – und auf ehrenamtliches Engagement? Mit diesen Fragen haben sich 55 Auszubildende der Friedhelm Loh Group im Rahmen der jährlichen Gnadenthal-Projektarbeit beschäftigt und ihre Erfahrungen in einem Life-Balance-Guide verarbeitet. In der Rittal Zentrale in Herborn haben sie die Ergebnisse jetzt vor einer Jury um Inhaber Prof. Friedhelm Loh vorgestellt.

Me first - FLG trainee projects about egoism and volunteerism

Does each of us think of ourselves first? How does selfishness affect our society – and volunteer work? 55 trainees from the Friedhelm Loh Group addressed these questions as part of the annual Gnadenthal project work and processed their experiences in a life balance guide. At the Rittal headquarters in Herborn, they have now presented the results to a jury led by owner Prof. Friedhelm Loh.
