

DATA SUMMIT LUXEMBOURG

Save the date!

2 December 2026

European Convention Center Luxembourg

4th Edition theme:

**Empowering People,
Enabling Tools,
Ensuring Governance**

The journey to impact continues

✦ The Data Summit Luxembourg

The leading event on value creation of public sector data

The Data Summit Luxembourg is the country's leading event on public data and artificial intelligence, bringing together decision-makers, experts, and practitioners to explore real-world use cases, strategic insights, and emerging trends shaping the data economy in Luxembourg and beyond.

With a strong focus on responsible data use and trustworthy AI, the Summit highlights how data-driven innovation can drive societal impact while addressing legal, ethical, and policy challenges.

It fosters collaboration across academia, public institutions, and industry.

Join us to shape the future of data and AI.

It is a platform to:

👉 Learn

👉 Connect

👉 Showcase expertise

👉 Influence discussions

Organised by

 LNDS
LUXEMBOURG NATIONAL DATA SERVICE

✳ The relevance for Gaia-X members

✦ What to expect ?

600+

participants
from the public
and private
sector

20+

Sessions:
plenary and
parallel trainings

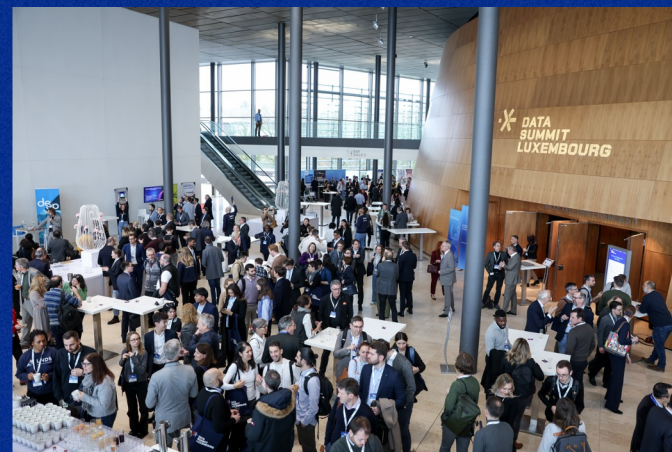

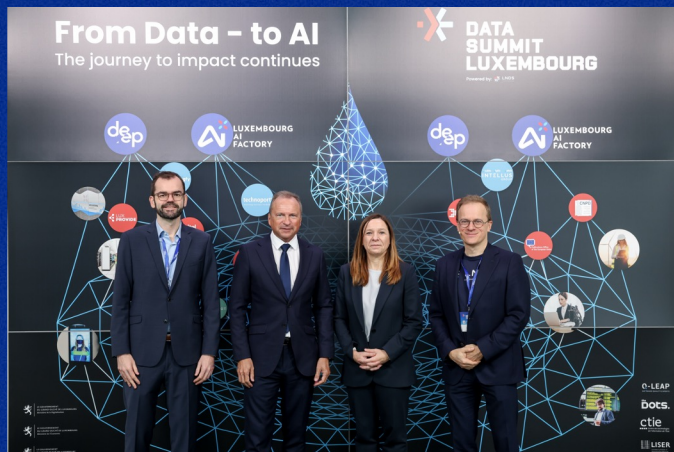

26

sponsors

206

Companies
present

✘ CALL FOR PROPOSALS

We are currently inviting contributions to shape the programme.

We are looking for:

- ✓ **Practical use cases**
- ✓ **Lessons learned and real-world insights**
- ✓ **Sharing best practices**
- ✓ **Cross-sector perspectives**
- ✓ **Data and AI applications in finance and beyond**

✘ The Data Summit Luxembourg focuses on multi-organisational data sharing and reuse. Proposals that relate exclusively to projects using data from a single organisation fall outside the scope of its programme.

✘ CALL FOR PROPOSALS

Format of the plenary contributions

Each accepted plenary intervention will take the form of:

- A keynote presentation of 10 minutes
- 1 or 2 speakers per presentation
- Slides, movies or live demonstrations to illustrate the talk

This concise format is meant to keep content focused, dynamic, and accessible.

✂ CALL FOR PROPOSALS

How to apply?

Submit the following information:

- Title of the keynote
- Name(s) of the speaker(s)
- Description of the proposed topic (half a page maximum)
- Contact details

All proposals will be reviewed by the Program Committee.

Submit by **30 June 2026**.

To: datasummit@Inds.lu

Notification of results is expected by September 2026.

Join us on stage and help shape the next steps of the data journey!

More information: <https://datasummit.lu/news-call-for-proposals>

✦ Participation Opportunities

There are several ways to be involved:

As a speaker

Share your expertise,
projects, or challenges

As a participant

Join the discussions and
connect with key
stakeholders

As a sponsor

High-visibility positioning
Thought leadership opportunities
Direct engagement with
decision-makers

👉 We would be pleased to welcome you.

Thank you for your attention!
